Why Mavenspire? Augment with Expertise

We focus on Outcomes

MAVENSPIRE REDUCES THE RISK INHERENT IN IT PROJECTS, ALLOWING YOU TO FOCUS ON THE MORE CRITICAL COMPONENTS OF YOUR BUSINESS.

For the past 25 years, we have built our reputation on our technical expertise, our laser focus on client success, and our dogged focus on business outcomes. Our team of Mavens (experts) hold top vendor and industry certifications and possess years of collective experience.

WE FILL THE GAP

Mavenspire believes that partnering is key to the success of our clients. We have decades of membership in partner-centric organizations like TrustX Alliance and regularly deliver services for other providers. Whether its people, services, or equipment, we can handle temporary and long-lived engagements to make sure momentum can be built and the outcome can be reached.

OUR CLIENTS 'PAY FOR BORING'

MSI ensures our clients are kept up to date and have the warm fuzzy of the project or task being handled. Reducing drama from outages and issues is key to establishing trust and value with clients.

WE ENABLE INNOVATION

Trying new things can be a lift. With the information age ending and the Insight age beginning its even more critical to be able to constantly try new things. Mavenspire reduces the risks associated with trying something new - whether it be with technical skills, or just the know how of how to spin something up for short periods and then scale what works.

INDEPENDENT EVALUATIONS

IV&V shows clients that IT is a complex world and you don't want to be complacent in your offerings and value. Being the first and only person your clients call because you always can bring a subject matter expert lets you land and expand beyond your traditional boundaries.

Mavenspire

WE OPTIMIZE OLD & NEW

You're not responsible for the systems and solutions your team inherits, so why should those legacy decisions hold you back? They shouldn't. **And they won't.**

Our teams will work with you to integrate and optimize your existing systems with new solutions, setting your organization up for immediate success and enabling future improvements.

CONSISTENCY & DEPENDABILITY

We know that the challenges your organization faces are constantly changing. You need a way to meet those rapidly shifting challenges without reinventing the wheel every time. This is why **we focus on providing scalable and repeatable solutions.** As your organization continues to evolve, take comfort in knowing your technology solutions will grow, at scale, right along with you.

SOLUTION FOCUSED

Mavenspire understands that helping clients achieve long-term success is a challenge. To that end, our technical skills extend beyond traditional storage, servers, and networking. We have partnerships with open-source companies like **Red Hat, SUSE, and Canonical**, along with expertise in **Microsoft Azure and AWS**. We've completed many **successful projects not just with VMware**, but also with other virtualization solutions like **Azure Stack, Nutanix, and RedHat Openshift**.The adoption of compliance regulations has accelerated the use of **VDI**, and Mavenspire provides solutions with platforms such as **Omnissa, Citrix, AVD, and Parallels**. Whether a client is looking to harness AI or needs a reliable partner in security, Mavenspire has you covered.

Managed Service

Mavenspire has managed offerings to offload some of the most difficult and intensive tasks in IT operations.

Recovery

Goal - Get back to work (even after a catastrophe) Combining backup, data security, and disaster recovery into one turn-key service

Secure
